THE STATE OF THE CHURCH

To the Bishop and Members of the Florida Annual Conference now assembled, greetings:

We, the Committee on the State of the Church, beg to submit the following as our report.

We feel ourselves too little to give to the conference all of the truthfulness in this great subject, as we feel that it will take a philosophic genius to deal with these perplexing questions and problems which are confronting the church today.

The visible church consists of the organized believers in Christ and the followers of His life.

The church is built on a true foundation with a promise that the gates of hell shall not prevail against it.

Though often in the wrong and divided in opinion, the church has been saved from fatal error and downfall by divine interception.

The church has always had its battles to fight, but the wild current has never been permitted to flow on without divine control.

The A. M. E. church which was organized in 1816 at Philadelphia, Pa., realized human nature is the testing ground for principle ideas and ideals. Her creed contains the great doctrine which satisfies the heart, comprehends all the truth which regulates conscience, which fashions character and prescribes duty.

Today she is facing her unfinished task, which can no longer linger. Our church is taking her rightful place in the world.

Great happenings in Bishop M. H. Davis' conference when 1500 members from the Baptist church came forward and joined the old A. M. E. church.

Second, The merger of the British Methodist Episcopal church with the A. M. E. church after a separation of more than eighty-five years.

The A. M. E. church is marching intellectually, financially and spiritually. In the language of Paul, if God be for us, who can be against us;

The Financial Condition: The A. M. E. Church has been able to raise money to meet her demands. She has continued to build, remodel churches and parsonages. She has opened closed school doors and made an increase in dollar money in spite of the low prices our people have been paid for labor and what they sold.

Spiritual Condition.

Our church is spiritually alive. On hallowed fire, men and women are being converted and backsliders are returning to the church. Our ministers realize that the time has come when all emphasis should be laid on the personal responsibility of every man to fill the place God has made for him. Florida is blessed to have Bishop Grant to come and put the belt on the fly wheel that turns the machine successfully, as it makes its mighty stroke, it is heard all over Florida.

The A. M. E. church in Florida is safe under the superintendence of Bishop Grant, the matchless leader.

Humbly submitted,

D. H. HACKLEY.

EDUCATION

Monticello, Fla., Nov. 26th, 1938

To the Bishop and Members of the Florida Annual Conference:
I, the committeeman appointed to write on the subject of Education, submit the following as my report.

Education as a term has been derived from the word Educare; which means to draw out or develop. Consequently, it means growth, outcome, results—a shaping or moulding of WHAT IS INTO WHAT OUGHT TO BE.

In its narrowest sense, the word pertains to the development of the intellect, but generally, it applies not only to the development of the intellect, but also, to the emotions and the will; also, to the systematic training of the whole individual.

There are various types of training, but what concerns us most as a group is Christian training. African Methodism early undertook the work of Christian education, by establishing church schools and dedicating them to the service of training the hand to work, the mind to think, and the heart to love, in such manner as to prepare individuals to achieve material, mental, and spiritual success.

Men in such a world as this need preparation great enough to enable them to live right themselves and to devote themselves to the highest well-being of their fellowmen. In my judgment it is found only in an understanding of Jesus Christ and a commitment to His way of life for the individual and for the world.

This, therefore, is the task of Christian Education to acquaint persons with the Christian way of life, to guide them in living in that way, and to help them to build a Christian brotherhood here on earth.

To this high task, hundreds of teachers in local churches and Christian colleges are giving devoted service. May the peace of God which passeth all understanding be in their hearts and abide with them in this great endeavor.

Our own Edward Waters College which was founded more than a half century ago, has come over a period of hardships and handicaps, to the dawn of a new day of hope and prosperity, under the matchless leadership of our own Bishop Grant—Florida's famous son, it has reached the pinnacle of success and now stands out as a beacon light for Christian Education.

This type of Education supplies a true perspective, and unity of purpose; it develops a sense of values and the ability to see the things as they really are. Christian education has the power to develop a social order which is indeed a brotherhood great and glorious! We are happy to note that the educational interests of the Florida Conference have made very satisfactory progress during the year.

Each district has made excellent progress along educational endeavor. Our contributions to the cause of education have shown great progress.

From a small beginning our great A. M. E. church has experienced a continued growth of interest in training until in recent years we have developed a consistent program of Christian education. We pride ourselves on educated leaders and educated fol-

lowers, who cooperate in the accomplishments of notable results.

Our teachers are discovering ways more effectively to guide and enrich the lives of our youth, and our prepared ministers are carrying out programs that are informational, as well as worshipful.

Believing that the Gospel is the power of God unto Salvation to all who hear and believe it, and recognizing the obligation as well as the privilege that is ours in carrying out our Lord's commission to go into all the world and preach His Gospel to every creature. We would call upon the pastors and leaders of our church to put special emphasis upon the educational phase of the work, using every available means to secure an abundant increase in your efforts.

Let us not be content with past accomplishments, but aspire to attain nobler heights of success for the continued Fatherhood of God, and the brotherhood of man.

Humbly submitted,

MEMOIRS

Monticello, Fla., Nov. 24, 1938

To the Bishop and Members of the Florida Annual Conference:
We, your committee on Memoirs, submit the following as our report:

Since the adjournment of the last session of our conference, Death the great leveller of human greatness, with its all devowing sin has invaded our ministerial ranks and summoned four of our beloved brothers in the Christian ministry from labor to reward, viz. Revs. Green B. Williams, A. L. Stocton, G. B. R. Grant and Daniel Johnson. For a long number of years these ministers were bright shining lights in the African Methodist church, during the years of their activity they played well their part. A few years ago, they retired from the active service. Revs. Williams and Grant were honorably retired by their request on account of poor health. Rev. A. L. Stocton was one of the supernumeraries of our conference. But loyal Rev. Daniel was a Local Deacon. He died April, 1938.

These heroes have fallen. They fell in the conflict of life, they are gone but not forgotten. Gone to reign in the city of light they have joined the enumerable hosts of Allen. Rest on, dear comrades, we shall greet thee by and by, where parting shall be no more. We are gathering the seed of sorrow from valleys and mountains high. For God who is our captain will never forsake us or fail. We will let the blood stained banner float high and never trail. We shall meet thee blest assurance over on the golden shore, in the land beyond the river. All shall rest forever more. Rev. G. B. Williams died April _____. Rev. A. L. Stocton, Sept _____. Rev. G. B. Grant _____. We recommend that Rev. A. I. G. Richardson speak upon the life and labors of Rev. Williams. Rev. R. B. Sutton, upon the life and labors of Rev. G. B. R. Grant, Rev. A.

L. Bennett upon the life of Rev. A. L. Stocton. Rev. Diggs upon the life of Rev. Johnson.

RESOLUTIONS

Monticello, Fla., Nov. 23rd, 1938

Whereas the Seventy-second Session of Florida Annual Conference of the 11th Episcopal District convened in historic Bethel A. M. E. church, Monticello, Florida, and

Whereas the conference has been so orderly, and

Whereas Bishop R. A. Grant, A. M., D. D., our own son; a son of the soil has presided over the deliberations with such fair and impartial rulings, and

Whereas each day's session was fraught with the spirit of Holy Fellowship and apparent perfect cooperation;

Therefore, be it resolved that we will ever remember his instructions and council and pray for his continued vision and strength. and

Whereas the pastor, Rev. J. F. Livingston and the good people of Monticello regardless of denominations have given us such an excellent entertainment and have done everything in their power to make our stay here one of pleasantness, and

Whereas the ministers who preached and visitors who spoke have contributed so much to the success of the conference, and

Whereas we feel that the Holy Spirit was the constant guide,

Therefore be it resolved that His blessings may rest upon all who have had to do with the work and success of this Conference and we shall ever hold them fond memory.

RESOLUTIONS

The encircling evidence of a Divine leadership are so blatant in their portrayals in connection with our work in Florida, until every one even the most obstinate doubter is forced to say, of a truth God is leading on the great army of African Methodist by the hand of His Moses, Rt. Rev. R. A. Grant, A. M., D. D., Ph. D., the presiding Episcopate of the Eleventh Episcopal District.

It sufficeth us to say that new life, higher standards, stronger determination and definite will power seem to be the array of the gallant men and women throughout the state, and

Whereas, we feel that this great awakening is due to the honesty and straight-forwardness of Bishop R. A. Grant, in his effort to teach by both example and precept that it pays to serve Jesus and that everyone can and should serve Him, and

Whereas He has endeavored to touch every Minister and Layman throughout the state with his individual and collective interest in the work of the church and of our dear old Edward Waters College, and

Whereas he is sold to the idea of a better church and school and that all of his plans are feasible and workable and the people are taking fast hold of them, and

Whereas, His esteemable and queenly wife is walking daily by his side as a helpmeet—

Therefore be it resolved that the members of the Florida Annual Conference pledge him their unstinted support in every way to the end that he may accomplish his designs.

Be it further Resolved that we will ever pray that our heavenly father will guide them through the many visisitudes of life, and will keep them fit for each day's task, and that their labors will redound to the glory of God, and

Whereas the Rev. A. I. G. Richardson, a member of this conference who have proven himself worthy of anything in gift of the church, and

Whereas his many friends in and out of this conference and throughout connections have urged him to aspire for the bishopric, and

Whereas he has announced himself as a candidate for the office of Bishop and as an expression of our confidence, we therefore resolve to give him our unqualified endorsement and pledge to do everything in our power to encourage him in his aspirations.
